Please attach a separate sheet if there is any further information about your camper you wish to share to help us ensure your camper has a successful time participating in Camp of the Cross Ministries' programs.

My child has permission to participate in all aspects of the program at Camp of the Cross Ministries except as noted. I understand that every effort will be made to contact me if my child needs emergency medical-surgical treatment. I hereby give my permission to the medical personnel selected by the Camp of the Cross Ministries or its appointed representative to secure proper treatment; to hospitalize; to order injection, anesthesia, x-ray, or surgery for my child as named above; and to arrange for or provide necessary related transportation. I understand that my insurance has primary coverage and Camp of the Cross Ministries insurance is secondary. I also acknowledge that the Executive Director of Camp of the Cross Ministries each summer employs and designates individuals to be the Health Officers. These persons report directly to the Executive Director for health and wellness of the ministry. These people are not required to have any health-related background. They are required to have CPR and AED training. I acknowledge that CCM will help in the self- administration of my child's medication and any other reasonable health care needs. We will provide a safe place to keep the medicine and grant access to the medication at the time and frequency you provide. I give my approval to photocopy this form for use out of camp. I also give permission for pictures or video taken of my child to be used for promotion.
